Dear Jeff,

Sorry for the delay in sending the tape. We have tried everything with the original tapes. The lack of quality of the entire series of tapes done at the conference was inferior and we will not be using them to the extent originally planned. I have enclosed a copy of the tape of your presentation.

We are doing some corporate re-organizing Jeff and will be in touch with you in the New Year regarding your future participation.

Everyone loved your presentation. The fact that you "tailored" your presentation to specifics of Corsini made it a truly learning and inspirational experience for everyone.

Have a happy X'mas!

Yours truly,

Ionne Dombowsky
