Dear Jeff:

Thank you for your time and professionalism in delivering the seminar "If Only They Were Perfect" to Xerox April 19.

The preparation of the seminar to understand the needs of the team and implement customization to the presentation was appreciated and noticed by all who attended.

The presentation itself was informative, real to life and entertaining.

Feedback from the group was positive and we would be interested in engaging your services again in the future.

Please do not hesitate to reference our experiences with potential clients that could also benefit from your presentations.

Sincerely,
XEROX CANADA LTD.
