Dear Ms. Shulman,

It was a pleasure for Xeva Mortgage to host Jeff Mowatt as Keynote Speaker for our 3rd Annual Mortgage Conference, "Looking Beyond the Obvious - Killer Questions that Spark Game Changing Innovation!".

Jeff was easy to work with and eager to come out to Las Vegas in order to speak with our Brokers and several Lender and Industry partners that were present.

He is a dynamic and engaging speaker that we felt lucky to have. Full of energy, entertainment and excellent knowledge base helped end our 3rd Annual Conference on a high note! His keynote presentation on "Becoming a Trusted Advisor" was highly rated by our audience members as excellent. The material truly resonated with our audience, many of whom are looking for expert advice on building their own brands and communicating more effectively.

We would heartily recommend you invite Jeff Mowatt to speak to at any Mortgage Professionals Canada event as you won't be disappointed when hiring him for your next event.

Please feel free to reach out to myself via telephone or email should you require any further insights.

Sincerely,

Trevor Hansen, CEO
