Client comment from Jeff Mowatt's  
***Becoming a Trusted Advisor***  
customized virtual seminar held May 7, 2020

***“Thank you for that great online session. I felt we were a strong team as it related to customer impression going into this and I was surprised at the number of different tools we now have to strengthen and enhance that. I also found the virtual format with breakout rooms worked well, so thank you for adapting that for us! I will get in touch regarding future sessions.”***
